Safety

- Use objects too big to fit in your learner's mouth, and stay close during any counting with real objects.
- Child-size scissors only, with an adult watching. Hand scissors over handle first.
- Choose crayons, markers and paint labeled for young learners (look for the AP seal).
- Adults handle anything hot or sharp.

Letter match

Say: "Find the s pictures and the a pictures." Your learner colors the pictures that start with s in one color and the pictures that start with a in another.

No supplies swap. No printer? Say a word and your learner says "s" or "a".

Count and match

Say: "Count each group and color the dots." Your learner counts each group and colors the same number of dots.

No supplies swap. No printer? Count toys into a box, up to 5.

All the lines

Say: "Straight, wavy, zigzag. Start at the green dot." Your learner traces a straight line, a wavy line and a zigzag line.

No supplies swap. No printer? Make the three lines with string or a finger in flour.

Draw me

Say: "Draw yourself. Show me your head, your eyes and your hands." Your learner draws a person in the frame. Count the body parts together.

No supplies swap. No printer? Draw on any paper or with chalk outside.
